Inspired by Archie Weller's short story, *Confessions of a Headhunter*, it was created in collaboration with Ilbjerri Aboriginal and Torres Strait Islander Theatre Cooperative. Funny and fast with loads of grunts under the bonnet, Headhunter will take you on a road trip around an Australia you didn't know existed. Come along for the ride!

Ever wondered what would happen if a clown exploded? *Explosion Therapy* is an intoxicating world where the characters leap between a film screen and the stage, as though the two spaces are one. It borrows from the world of cartoons, and vaudeville. Objects and puppets emerge from the most unlikely places as the entire theatre comes alive.

Get your funny bits tickled. Not for those numb at heart!
